

## LORA ROCK GALLERY

The gallery will be home to the 23 landscape paintings given to the community by the Morning Sun artist's family. The prolific landscape artist's paintings are highly prized locally and hang in many Morning Sun homes.

Plans are for the gallery also to be used for exhibitions of borrowed Rock paintings or student art and as an attraction paired with the Rural Free Delivery Museum to make Morning Sun an area tourist destination. Morning Sun will honor her memory and educate future generations with a gallery displaying her art work.

The gallery addition should insure a successful application for an Iowa Cultural Arts and Tourism grant which will contribute greatly to the center's funding.
